Re: Request for an Additional Extension of Time Case No. 25-CA-28283 & others listed

Today I am respectfully requesting I be granted an additional thirty (30) day extension of time beyond the published due date of February 16, 2012 as shown in the NLRB's prior Extension of Time order dated January 9, 2012.

I am requesting this additional Extension of time due to the following listed reasons;

- 1) On Friday, February 3rd 2012, and after 3 days of extreme pain, I went to the doctor. I was diagnosed with an enflamed disk. The doctor subscribed a high power pain relief medicine (copy of the prescription enclosed) making it impossible to work with a clear mind. I was delayed approximately one week from working on my Exception and Appeal Brief Documents.
- 2) I alone am constructing the Exception and Appeal Brief documents for the above referenced case(s). I am finding that sifting back and forth through 930 pages of court transcript and reviewing 210 exhibits, many of which contain several pages of documents, and then assembling the information is some sort of an understanding order, is taking more time than I anticipated.

Your consideration for the granting of an additional time extension of 30 days will be greatly appreciated.

Yours Respectfully;

Edward L Calvert
